Only about one full piece of a pattern, so act quickly. Regular 59c to \$1.25 Ribbons for 39c yard.

First Floor.

DR. MILLWAINE GOES TO ATTEND CONVENTION

American Library Association Holds Annual Meeting in Washington

Dr. Henry W. Millwaime, State Librarian, will go to Washington next week to attend the annual convention of the American Library Association, which is scheduled to meet in the Willard Hotel on May 25-26. At the same time the National Association of State Librarians, an affiliated organization, will be in session in its annual convention in the same city.

The State Librarian will be accompanied to the convention by two other Richmond delegates—E. G. Swann, assistant State Librarian, and Miss Ethel Nolin, assistant cataloguer. Dr. Millwaime is chairman of the public relations committee of the national association and is at present hard at work on his report.

Following the close of the convention on May 29, the majority of the delegates will leave Washington on a post-conference tour, to last six days and cover the historic country of the Chesapeake Bay and James River. The schedule calls for the delegates to leave Washington on May 29, by boat, for Old Point Comfort, traveling down the Chesapeake Bay. After numerous side trips from Old Point, the party will come up the James River by the steamer, stopping at Jamestown Island to see the relics of the first English colony in the New World.

The visitors will spend two days and three nights in Richmond, and judging from the prospectus of the trip, they expect to find interesting food for study in the city and the surrounding territory.

ORDINANCE DID NOT APPLY

Funerals Were Held Beyond City Limits, So Undertakers Were Dismissed

Although it was conclusively proved that the charge of violation of the ordinance by law had been made for carriages used at a funeral, William Isaac Johnson, a funeral director, was dismissed yesterday by Justice Grutledge in Police Court when it was shown that the burial had taken place beyond the corporate limits, and therefore the ordinance fixing the rates on vehicles did not apply.

The funeral directors of the city, notwithstanding an ordinance which fixes the rate on carriages for funerals at \$200 each, have since December 1 been charging a flat rate of \$4. The case against the two negro concerns is the first attempt to convict under the ordinance, although it has been on the pages of the City Code for twenty years.

That it is impossible to furnish vehicles at the rate prescribed by law is the contention of the directors. This city effects were made by them to have the ordinance amended, but the resolution was defeated in the Common Council. There is a penalty of from \$5 to \$50 for each violation.

Serjeant Matthews, of the Police Department, was responsible for the case heard yesterday. A relative of a domestic in his family died, and it was made.

Both Johnson and Brown Brothers showed that the funeral had gone beyond the city limits, and although \$4 was charged for the carriages, the extra half dollar was for the additional distance.

Motion Overruled.

Sirgorey & Parris secured an injunction for \$217.50 in the Law and Equity Court yesterday against Vail & Co. The defendant moved that the verdict awarding the judgment be set aside as contrary to law and evidence, but the motion was overruled by Judge Crump.

HE REFUSES TO HONOR EXTRADITION PAPERS

Governor Stuart Holds That Alonzo Todd Is Not Fugitive From New Jersey

After a spirited hearing in the executive offices yesterday morning, Governor Stuart refused to honor the extradition papers issued upon him by the Governor of New Jersey for the surrender of Alonzo Todd, under arrest in Surry County, for the desertion of his wife and failure to contribute to her support. The extradition proceedings in Todd's case have aroused unusual interest because of the fact that the Governor once signed the request for the surrender of the prisoner, only to afterward hold up the surrender of the prisoner over the long distance telephone.

Todd, through his attorney, Oscar Shevake, of Salisbury, to contribute to her support. He denied that he had made no effort to contribute to her support, and he came to Virginia in order to remove himself from the sphere of her influence.

The New Jersey agent who came with the extradition papers presented a lengthy brief to support the claim that Todd had fled from justice within the meaning of the law.

Although he was unsuccessful in his attempt to obtain possession of Todd, the New Jersey officer secured from the Governor the extradition papers for the surrender of Harry Somers, arrested in Norfolk, who is wanted in Camden for robbery. The New Jersey officer left Richmond yesterday afternoon for Norfolk armed with the papers for the surrender of Somers.

WARRANT FOR CLEMENTS

Henrico Police Charge Negro With Being Assaultant of Miss Chenault. A warrant directly charging John Clements, colored, with an assault on Miss Fannie T. Chenault, of Stop 23, Nine-Mile Road, on May 9, was yesterday served on him in the Henrico County Jail, in which he had been locked the night before on the charge of being a suspicious character. Clements was arrested on the latter charge twice, Miss Chenault failing to make a positive identification when she saw him the first time. The second arrest, made by Special County Policemen Hardy and Tiller, was on the strength of what the officers termed newly discovered evidence.

Miss Chenault will not see Clements until Monday afternoon. The evidence which the police have obtained against him is circumstantial in every respect, it is said.

Since first seeing the man, Miss Chenault has reflected over the points of resemblance between the man under arrest and the man who attacked her, and on Thursday told Policemen Hardy and Tiller that she was sure Clements was the guilty party. This statement, together with the fact that the man had been unable to explain satisfactorily his whereabouts on the night in question, caused his second arrest as a suspicious character.

Money Stolen From Trousers.

W. D. Owens, a railroad employee, reported yesterday that \$48 in cash had been stolen from his trousers, which were hanging in a shanty at Twenty-eighth and Dock Streets.

Married in Washington.

A marriage license was issued in Washington yesterday to Floyd A. Atley and Josephine L. Hilerholzer, both of Richmond.

MAYOR APPROVES COMMITTEE PLAN

Signs Resolution Appointing Body to Investigate New Municipal Building Scheme.

TO NAME MEMBERS SHORTLY

Will Submit Detailed Report to Council for Proposed Structure on Ford Lot.

Mayor Ainslie affixed his signature yesterday to the Council resolution appointing a joint committee of seven—three from the Board of Aldermen and four from the Common Council—to report on the advisability of erecting a municipal building on the Ford Hotel lot. The resolution is effective at once, and the heads of the two branches of the City Council are expected to announce their assignments to the joint committee within the next day or two.

The committee will have authority to consult architects, and will probably submit to the Council a fairly detailed report, including information as to the type of building that would be desirable, as well as its estimated cost. A resolution now pending before the Finance Committee provides a \$500,000 bond issue for the construction of a building on the Ford site to space for an auditorium and public library, as well as for court-rooms.

Considerable difference of opinion has developed as to the feasibility of combining the library and auditorium features in one building. Superintendent J. A. C. Chandler, of the city schools, has told the Finance Committee that such a union would not be desirable unless the auditorium and Public Library workers are united in urging the immediate acquisition of the Jeter Memorial Hall property, appearing to fear years of delay if this plan is sidetracked in connection with placing a library in the proposed building.

FINANCE COMMITTEE WILL MOVE SLOWLY. Despite the earnestness of practically every commercial and civic association for the purchase of the college property, the Finance Committee, according to several of its members, will be slow to take action until it is known more definitely what disposition will be made of the Ford Hotel property. It is felt by some members that the possibility of earling for the library in the proposed municipal building is strong enough to warrant the committee in postponing final action until the special joint committee reports.

The Mayor also signed yesterday the ordinance authorizing the City Attorney to acquire through the usual channels the necessary right of way or easement for the widening, straightening, widening, and other improvement of Bacon Quarter Branch and Shockoe Creek. The sum of \$328.10, from the proceeds of a bond issue for this purpose, is now available for this work.

Under the ordinance just approved the city will have authority to acquire enough land to make possible a sixty-foot roadway which it is planned to construct on top of the covered sewer. The improvement will be carried out in sections as fast as condemnation proceedings can be instituted and the needed property can be acquired and adjusted. Most of the property owners, it is expected, will yield a way through their holdings without charge, but the remainder will be acquired by the usual process of eminent domain.

MANY OTHER MEASURES

Other measures signed yesterday by the Mayor and returned to City Clerk August, were as follows:

Granting permission to the L. Bromm Baker Company to erect a brick stable in the rear of 512-14-16 East Marshall Street.

Allowing the trustees of the First English Evangelical Lutheran congregation to acquire a triangular plot in the rear of the church at Monument Avenue and Lombardy Street.

Authorizing the acquisition of land for a straightened and widened alley between Seventh and Eighth Streets, and Main and Cary Streets.

Appropriating \$2,500 for repairing and improving the City Treasurer's office.

Appropriating \$1,600 for the paving of sidewalks around the John B. Cary School.

Fixing the pay of the bailiff of the Civil Justice Court at \$1,000 a year.

A warrant directly charging John Clements, colored, with an assault on Miss Fannie T. Chenault, of Stop 23, Nine-Mile Road, on May 9, was yesterday served on him in the Henrico County Jail, in which he had been locked the night before on the charge of being a suspicious character. Clements was arrested on the latter charge twice, Miss Chenault failing to make a positive identification when she saw him the first time. The second arrest, made by Special County Policemen Hardy and Tiller, was on the strength of what the officers termed newly discovered evidence.

Miss Chenault will not see Clements until Monday afternoon. The evidence which the police have obtained against him is circumstantial in every respect, it is said.

Since first seeing the man, Miss Chenault has reflected over the points of resemblance between the man under arrest and the man who attacked her, and on Thursday told Policemen Hardy and Tiller that she was sure Clements was the guilty party. This statement, together with the fact that the man had been unable to explain satisfactorily his whereabouts on the night in question, caused his second arrest as a suspicious character.

Money Stolen From Trousers. W. D. Owens, a railroad employee, reported yesterday that \$48 in cash had been stolen from his trousers, which were hanging in a shanty at Twenty-eighth and Dock Streets.

Married in Washington.

A marriage license was issued in Washington yesterday to Floyd A. Atley and Josephine L. Hilerholzer, both of Richmond.

LAYS ROSE ON GRAVE OF JEFFERSON DAVIS

Vice-President Marshall Honors Dead in Hollywood Cemetery.

AT GRAVES OF PRESIDENTS

After Signing Patents for Newly-Made Masons, Vice-President Leaves for Washington.

Vice-President Thomas R. Marshall, of Indiana, yesterday gave voluntary evidence of a reverence and high regard for the traditions and the principles for which Southern blood was split through four years of war, when he placed a single rosebud on the grave of Jefferson Davis in Hollywood Cemetery.

"I do not think I would be doing myself justice if I did not show respect to the memory of Jefferson Davis," the Vice-President said as his automobile stopped before the section. Opening the door of the car, he stepped out and started for the grave, only to discover that he did not have the rose with which to honor the dead. A large bouquet lay on the grave of General Fitzhugh Lee, whose section is near that of the former President of the Confederacy, and going to this, Mr. Marshall picked a bud from the mass and carefully placed it on the grave of Davis.

Previously, Vice-President Marshall had visited the graves of Presidents Taylor and Monroe, and on each occasion placed the roses which had adorned his coat lapel. It was this circumstance which left him without a rosebud when he and those who accompanied him on the trip to Hollywood yesterday morning reached the grave of President Davis.

The Vice-President had expressed a desire to visit Hollywood Cemetery, and was escorted there yesterday morning by Postmaster Hay T. Thornton, O. A. Hawkins and D. C. Kennedy. He and Mrs. Marshall left for Washington yesterday at noon.

MRS. MARSHALL TAKES. Mrs. Marshall was presented with a large bunch of peonies by members of the Scottish Rite Masons Thursday night. At the time, she expressed the wish that she might be able to take them back to Washington with her, but Masons did not expect that she would attempt to put into practice her wish. They were surprised and gratified yesterday morning when they visited the Vice-President's apartments to conduct him to the train to find Mrs. Marshall selecting the best preserved flowers from the bunch and wrapping them carefully to take home with her.

Both Vice-President Marshall and Mrs. Marshall were enthusiastic over the reception which had been accorded them while in Richmond, and both spoke complimentary words of the city and its citizens. They were much impressed with the beauty and the evident prosperity of Richmond.

During the early morning Mr. Marshall nearly a half hour signing patents for newly-made Masons who took the thirty-second degree on the previous night. These patents are parchment certificates, and it is customary to have the thirty-third degree Masons who participated in the ceremony sign them. The fact that the Vice-President was here for the reunion and meant giving the added value to the minds of his recipients.

PAWNBROKER ACQUITTED IN HUSTINGS COURT

Segel Found Not Guilty on Charge of Failing to Report Diamond

Harry Segel, the Sixth Street pawnbroker, charged with failing to make a proper report of a diamond ring deposited with him by A. E. Henderson, Court yesterday. The case was tried on appeal from the Police Court, where Justice Grutledge had imposed a fine of \$250.

The ring in question was stolen by A. E. Henderson from Dr. Uriah Harman, of 107 East Fifth Street. The negro pawned it at Segel's establishment for a small sum. In his daily report to the police Segel listed the ring as a white sapphire. A confession from the negro put the police on the trail of the missing diamond. Henderson was given enough money to redeem the ring and secured it after paying the charges.

Segel was arrested for failing to report the pawned diamond. He testified that he was not aware that the stone was a diamond, and that he received it in the belief that it was a white sapphire, and reported it as such.

The Hustings Court appeared satisfied yesterday that the circumstances as related by Segel were true and failed to sustain the fine imposed by the Police Court. Henderson, who had pleaded guilty to the theft of the diamond, was sentenced to serve a year in the penitentiary for stealing the ring.

Assigned to Staff Duty. William McKee Dunn, first lieutenant of the quartermaster department, has been assigned to the staff of the First Brigade, by virtue of special orders issued from the office of Adjutant-General Sale.

Lieutenant Dunn has also been instructed to attend the camp of instruction for infantry officers which is to be held at Fredericksburg May 31 to June 6. He will report to the commanding officer of the camp on May 31.

Married in Washington. A marriage license was issued in Washington yesterday to Floyd A. Atley and Josephine L. Hilerholzer, both of Richmond.

GANS-RADY COMPANY

COMMISSIONERS HEAR FROM PROPERTY OWNERS

Body Directed to Acquire Site for Establishment of Park in Colored District.

PRICE SET FOR MOST OF TRACT. Refusal of Some Holders to Submit Figures Has Caused Delay and Started Condemnation Proceedings.

Commissioners appointed by the Hustings Court to acquire the value of property required by the city for the park which it is proposed to establish in the colored residence district held a meeting in the office of the City Attorney yesterday afternoon and heard a number of the affected property owners. The commission is composed of E. A. Catlin, chairman; E. C. Lewis, James H. Sheppard and W. H. Zimmerman.

The property for which negotiations are under way is about four square blocks in area. It is bounded on the east by Seventh Street, on the west by an alley between Fifth and Sixth Streets, on the north by Hospital Street and on the south by Federal Street. Owners of about three-fourths of the entire tract have offered to sell their holdings to the city for prices aggregating \$55,000. The delay and, in some cases, the absolute refusal of the owners of the remainder of the tract to submit a price has caused the city to begin proceedings for the condemnation of the whole tract.

The proceedings are being conducted under authority of a joint resolution of the City and County Councils, passed by both branches of the Council last January. The City Attorney is given authority under this measure to acquire the property through the usual channels.

HEAR OTHER OWNERS

AT MEETING YESTERDAY. The commission appointed by the Hustings Court met for organization purposes on May 12. It held meetings on the grounds on May 15 and 16 and sessions Thursday and yesterday in the City Attorney's office to hear from property owners and representatives. Another meeting will be held at 4 o'clock Tuesday afternoon in the office of the City Attorney, at which time the following property owners have been asked to appear:

Walter S. Jackson, John O. Lewis, Annie R. Cowardin, H. C. Redd, Mary J. Jones, Franklin Stearns, Jr., W. L. Watson, A. E. Latham, M. T. Williams, Mary A. Robertson, R. B. Jones, of this city, and the Du Pont Powder Company, of Wilmington, Del.

The possibility of establishing a park designed primarily for the use of the colored residents, conflicting testimony was introduced before the Council committees which had the proposed park under consideration. An influential representation of colored citizens, embracing ministers and social workers, advised against establishing such a park on the ground that it would tend to segregate the colored people and would contribute to the police problem of the neighborhood. It was opposed also because it involved a new application of the "separate-but-equal" principle, which was repugnant to the more progressive colored elements.

In behalf of the proposed park it was urged that Jackson Ward is now without an open-air breathing place, and that such a convenience should be provided as a health measure if for no other reason. A park designed for colored use it was urged, moreover, would have the effect of attracting a large number of colored people who are driven now to Monroe, Gamble's Hill and other uptown parks—a circumstance which produces considerable friction during the summer season.

LIENANTENANT DODD RESIGNS

The resignation of First Lieutenant W. T. Dodd, of the medical corps, was yesterday received at the office of Adjutant-General Sale. Lieutenant Dodd gave as his reason for tendering his resignation that his military duties conflicted with his business. The vacancy caused by his resignation will be filled by the commanding officer of the Second Infantry.

NEW REVOLVERS FOR OFFICERS

The new .45-calibre Colt automatic revolvers, which were ordered delivered to officers of the Virginia Volunteers, have arrived and are now being issued to the various State officers, according to information obtained at the office of Adjutant-General Sale.

"It Doesn't Make So Much Difference Where a Man is in Life, as in Which Direction He is Moving."

Oliver Wendell Holmes.

The drift of a man's financial course is largely dependent on his own individual standing and ideas of business.

For instance, the man who does not rely on his memory or the return of receipts bills as to the payment of debts, but pays all obligations by check upon a strong, reliable bank, has a DOUBLE SECURITY.

His money is absolutely safe from robbery or fire, and has in his hands a receipt (the cancelled check), which validity cannot be questioned in any court, because it must be endorsed by a person of authority before payment is made. This is only one of the many and valuable advantages gained in the right direction by banking with

The American National Bank OF RICHMOND, VIRGINIA, whose SECURITY AND SERVICE is unexcelled. CAPITAL AND SURPLUS \$1,600,000.00 RESOURCES \$8,800,000.00

CHAMBER STILL OPPOSED TO WEST END STATION

Committee Asks to Be Heard in Opposition to Removal of Belvidere Street Tracks.

WANT DOWNTOWN UNION DEPOT. Many Individual Members, However, Have Signed Petition for Two-Station Plan.

When the Council Committee on Streets met Monday night in the City Hall a subcommittee from the inland trade committee of the Chamber of Commerce will ask to be heard on the resolution to require the Richmond, Fredericksburg and Potomac Railroad to discontinue the grade tracks in Belvidere and Broad Streets, which will come up for consideration at that time. The resolution has been referred to the Street Committee by the Council.

In accordance with a resolution adopted some time ago by the board of directors of the chamber, this committee will take the position that it is preferable to endure the inconvenience of grade crossings on Belvidere Street, and the crossing up the accessible station facilities at Byrd Street and Elba Street to accept in lieu thereof one station for the Atlantic Coast Line and the Richmond, Fredericksburg and Potomac Railroad on the Belvidere property.

CHAMBER BOARD OPPOSES WEST END STATION

The chamber board, as consistently opposed the West End station, because of the fact that it could be located some distance from the business and office and business centre of the city. Such a station, the board decided, would render necessary the use of the Belt Line for Atlantic Coast Line trains to back into the city, a service which the advocates of the Main Street Union Station plan say has proved unsatisfactory in other cities where it is in operation. At the same time a large number of individual members of the chamber have signed the petition for a West End station.

Under the scheme for a union station advocated by the chamber board, the Atlantic Coast Line and the Richmond, Fredericksburg and Potomac Railroad trains would enter the present Main Street Station, and a way station at some point in the West End near the intersection of the Boulevard and the Main Street. The chamber board would be put underground, which would in all probability have the same effect as the direct order to discontinue its use.

There seems to be some doubt that the city can order the Richmond, Fredericksburg and Potomac Railroad to discontinue the use of the Belvidere Street tracks, but it is believed that it has the power to require the tracks to be put underground, which would in all probability have the same effect as the direct order to discontinue its use.

STATE MILITIA OFFICERS ARE ORDERED INTO CAMP

Brigadier-General Vaughan to Be in Command of Instruction Encampment at Fredericksburg.

Transportation for 125 infantry officers of the Virginia Volunteers to Fredericksburg and return has been obtained by Adjutant-General Sale. The transportation is for the purpose of conveying the officers to the camp of instruction for infantry officers, which is to be held at Fredericksburg May 31 to June 6.

The camp will be participated in by all of the officers of the Virginia Volunteers and all officers attached to infantry organizations, except chaplains and officers of the medical corps. In addition to these the following named officers have also been ordered to report at Fredericksburg: Brigadier-General C. A. Vaughan, Jr., First Brigade; Lieutenant-Colonel J. Lane, Second Brigade; Lieutenant-Colonel Alfred B. Perry, Ordinance Department; Lieutenant-Colonel Allen Potts, Quartermaster Department; Major Clinton L. Wright, Adjutant-General First Brigade; Major David H. Winfree, Corps of Engineers; Major A. T. Finch, Medical Corps; First Lieutenant Arthur I. Schlisler, Corps of Engineers.

Brigadier-General Vaughan, Jr., is designated to command the camp. He will appoint such staff officers from the officers attending this camp of instruction as he may deem necessary.

The following named officers of the regular army have been detailed by the Eastern Department as instructors: Captain A. M. Shipps, Captain G. A. Hadsell, Captain W. P. Serres, Captain L. L. Greig, First Lieutenant G. A. Lynch, First Lieutenant P. H. Bagby.

CAMP OF INSTRUCTION

Artillery Officers to Attend Special Camp at Tobyhanna, Pa.

Officers from the Richmond Howitzers, Virginia Volunteers, and others from the Norfolk Battery have been ordered to attend the camp of instruction for field artillery officers, which is to be held at Tobyhanna, Pa., June 16 to 20.

The officers who will go from the local battalion headquarters have been designated as Major T. M. Worham and Captain W. W. LaPrade. The following officers from the Norfolk Battery have been ordered to attend the camp: Captain Branch Johnson, First Lieutenant L. W. Search and R. C. Lehigh, and Second Lieutenants P. W. Keay and L. F. Lawlor.

CROWLE IS RE-ELECTED HEAD OF INSURANCE MEN

Stanton Man Chosen at Final Session of Annual Virginia Convention.

DISCUSS EXPULSION OF MEMBER. Morning Meeting Enlivened When It Is Learned That Leesburg Firm Is Accused of Underwriting.

J. D. Crowle, Jr., of Stanton, was unanimously re-elected president of the Virginia Association of Local Fire Insurance Agents, at the closing session of the sixteenth annual convention held yesterday afternoon in the Chamber of Commerce auditorium. Other officers chosen were as follows:

M. J. Straus, of Richmond, first vice-president; W. Lee Powell, second vice-president, and S. T. Pulliam, of Richmond, secretary-treasurer. Executive committee—W. L. Pierce, chairman. Grievance committee—E. E. Goodwin, chairman. Legislative committee—Charles I. Luchins, chairman.

The following members were elected delegates to attend the convention of the National Association of Local Fire Insurance Agents, which will be held next August in Minneapolis, Minn.: L. W. Childrey, W. P. Paxson, T. G. Birch, B. P. Kiriakovich, Calvary D. West, Charles I. Luchins, F. T. Briggs, W. Frank Garrett, George McG. Goodridge and W. Lee Powell.

DISCUSS QUESTION OF EXPULSION

The session yesterday morning was enlivened when the question of the expulsion of a member arose. It was brought to the attention of the meeting by a member firm in Leesburg, Va., which had been expelled from the association. The matter was referred to the grievance committee, which will be instructed to endeavor to bring about an amicable settlement of the case. It is said that the offending firm has made an announcement of abandoning its alleged business of underwriting.

An interesting address by E. G. Solbels, head of a large insurance company of Columbia, S. C., was a feature at the morning session. Following adjournment the delegates went to the Westmoreland Club, where they were entertained at a luncheon. A section of officers at the afternoon session brought the convention to an end.

CONVICT LIME BOARD HAS SITE SELECTED

Will Make No Announcement Until Expert Has Tested Quality and Quantity of Rock Deposits

The State Convict Lime Board, which has complete charge of the convict lime-grinding plant to be erected and operated for the benefit of Virginia farmers, came to a provisional agreement yesterday in regard to the site for the plant. For weeks the members of the commission have visited limestone properties which have been offered for sale to the State. Thorough surface inspections and expert analysis of rock samples have been made in each instance, and the commission has proceeded with the utmost caution in the important purchase.

No indication was given yesterday by the members of the commission after the morning meeting in the Capitol as to what property had been selected for the plant. It is known that the commission has made an exhaustive examination of the rock deposit to ascertain the quantity of limestone available. As far as samples are shown, the quality of the stone in the property under consideration is of a satisfactory character.

WILL USE ABOUT THIRTY-FIVE CONVICTS

The commission meets again tomorrow to take up other details of the task of getting the lime-grinding plant into shape to begin operations. About thirty-five convict penitentiary convicts will be required to operate the plant under the plans outlined for the first year's production. The commission is anxious to open the plant as soon as possible.

Modifications in the machinery, equipment and building for the plant were made yesterday, and the commission hopes finally to dispose of this phase of the task to-day.

The lime-grinding commission is composed of Governor Stuart, chairman; State Commissioner of Agriculture O. W. Koiner, Major J. E. Wood, Superintendent of the State Penitentiary, and J. E. Vines, of Stanton, who is to be the superintendent of the plant.

It is said by those who have followed the prospecting trips of the commission that the property provisionally selected for the plant is located in the Valley.
